Twin Cutter & Safety Shield	.8 - 9
Drum Boring Bar Assembly (3860 ONLY)	.8 - 9
Crossfeed Assembly	.10 - 11

Parts Identification

The following pages include full parts breakdowns with exploded view illustrations to help with ordering replacement or spare parts. Assemblies are noted where it is recommended that individual parts not be ordered separately. These parts are available only as assemblies because some parts are staked, pinned, or press fitted, then drilled, machined, or bored. Close tolerances must be maintained in assembly. Every effort is made to supply accurate exploded views, however, due to interim changes in manufacturing operations, some units may not be exactly as illustrated.
